

Green Data **For All** | INSPIRE Conference 2023 Programme

Session No. 6 | Workshop: Digital Twins and Virtual Worlds

28 November 2023, 14:00 – 15:30 CET

About this session:

The Destination Earth and the Digital Twin Ocean will deliver unprecedented granularity/ precision simulations of natural phenomena and extreme weather events. Cityverse digital twins for cities.

This session will focus on these new data sets and explore new opportunities for niche downstream services in the focus areas of the Green Deal Data Space: zero pollution, circular economy, biodiversity and climate change/ climate adaptation

Topics covered:

Title	Speakers
EMODnet's evolution for the digital era	<u>Conor Delaney</u> : Environmental Data Scientist @ EMODNET Technical Coordinator and a key member of the data team of the EDITO infra project
Destination Earth: exploring weather extremes and climate change for societal benefit	<u>Joern Hoffmann</u> : Destination Earth Partnership Lead at the European Centre for Medium Range Weather Forecasts (ECMWF)
GEII - Green Energy Innovation Incubators - Artificial Intelligent & Data	<u>Egle Radvile</u> : assoc.prof. Vilnius University Business School, Lithuania

Moderators:

Sotirios Kanellopoulos (DG ENV)
