Green Data For All | INSPIRE Conference 2023 Programme

Session No. 4 | Standardisation building blocks and technologies for the Green Deal Data Space

29 November 2023, 9:00 – 10:30 CET

About this session:

In this session, we will investigate which are the standardisation needs, technologies and best practices associated with the establishment of the Green Deal Data Space. Based on the umbrella set by the Data Spaces Support Centre (DSSC), different standardisation bodies and early adopters will discuss on the state of the art of standardisation in the scope, the challenges and opportunities with flash presentations and a discussion panel at the end of the session.

Topics covered:

Topic	Speakers
Best practices and common standards for EU Data Spaces	Clara Pezuela (FiWare)
OGC building blocks – Powering geo-enabled APIs for Data Spaces and Digital Twins	Marie-Francoise Voidrot (OGC)
ISO Standards enabling next generation of environmental data sharing	Jari Reini (ISO-TC211)
Interoperability provisions for the Green Deal Data Space	Thorsten Reitz (wetransform)
Q&A session and Panel discussion	All

Moderators:

Jordi Escriu (JRC)
