

Green Data **For All** | INSPIRE Conference 2023 Programme

Session No. 14 | Workshop: Potential benefit of spatial agricultural data (CAP/IACS) shared through INSPIRE for the farmers

28 November 2023, 16:00 – 17:30 CET

About this session:

The Commission services setup a process to facilitate spatial and non-personal data sharing from IACS systems under INSPIRE. The process aims at providing more data for policy purposes in the agricultural, environmental and climate domains. The session, with the insights of the Spanish experience (SIEX project), will explore potential benefits for the agricultural sector (public and private) and possible contribution for the development of the agricultural common data space.

Topics covered:

Topic	Speakers
Introduction to the session. IACS data sharing and EU policy context. SAIS Project.	Mohamed El Aydam (AGRI) and Piotr Wojda (JRC)
Sharing IACS data: the national role to boost the use of agricultural data	Pablo Barreira (FEGA – Spain)
SIEX project: how digitalisation and data sharing is changing agricultural sector paradigm	David Sánchez (FEGA – Spain)
SATIVUM as a Farm management tool for sustainability (FAST)	David Nafría (ITACyL – Spain)
AGROGESTIA. Digital Fieldbook private solution.	Eduardo Barbadilla (Agrogestia-Spain)
FARMABLE. Digital Fieldbook private solution.	Lars Petter (Farmable – Spain)
MEMORANDUM. Digital Fieldbook private solution	Mercedes Lahoz (Memorandum-Spain)

Moderators:

Mohamed El Aydam (DG AGRI), Piotr Wojda (JRC)
